

# Devin Joseph Durham

- **Phone #:** (971)-275-3615
- **E-mail:** DevinDurham95@gmail.com
- **Education:**
  - University of Washington, Tacoma
    - **B.S. in Computer Science & Systems** (Aug 2017)
  - La Salle Catholic College Preparatory School (2013)
- **Skills:**
  - Management experience
  - Literate in Java, C, HTML, CSS, JavaScript, Assembly, XML, SQL, Bash, Android
  - UI design and graphic design
  - Making bullet points
- **Projects**
  - Currently working on a research project for cloud services / cloud computing
  - Currently working on a research project about code evolution
  - Built multiple AI's to play Pentago, solve a slider board puzzle, and write an essay
  - Built an android app using fragments, 3<sup>rd</sup> party APIs, and a SQL DB to discover new and upcoming hackathons
  - Built a cloud based application for android using Firebase and beacons for a hackathon at U British Columbia for users and businesses to order goods and rate restaurants or stores.
  - Developed a web based application using Heroku and Apache and Java Spark to discover local coffee shops
  - Launched a website using HTML 5 and CSS3. Served all on Github. Style, images, and UI designed by myself. ([DevinDurham.me](http://DevinDurham.me)).
  - Much of my code is on Github ([github.com/devlontecron](https://github.com/devlontecron)). Projects such as where my website is currently hosted, a paint program, an evolution simulator, and more.
  - Worked with the Pierce County, WA Health department developing a database and software for community healthcare workers.
- **Experience:**
  - Intern - Pierce County WA & Sound Outreach [08/2016]
    - Worked in a small team with dramatically different backgrounds as the technical consultant.
    - Developed a database and software support concepts by collecting data from professionals in the health industry from multiple states and regions.
    - Presented ideas, concepts, and other possibilities to the Health Department which included cost, structure, data needed, alternative options, a three-month implementation plan, and foreseeable issues or concerns.
  - Manager/ Detailer - Iden's Auto Detailing [10/2013 – 07/2016]
    - Delegated tasks and work load, provided guidance to improve skills, ensured high quality standards were met, and resolved conflicts and concerns.
    - Consistently met deadlines and demands that frequently changed.
    - Quickly adapted to different roles and tasks throughout the day.
  - Intern - Oregon City Police & Code Enforcement [06/2013 – 10/2013]
    - Given a variety of multiple tasks to complete each day which included parking meter patrol, physical and digital data entering, record keeping, file organization, event patrolling, painting, city landscaping maintenance, and administering code violations.
    - Worked closely with citizens to inform and assist while taking concerns or feedback.
    - Handled and deescalated verbal conflicts with citizens by explaining cause and reason, and providing alternative options or resources.
- **Interest:**
  - Working towards a minor in Cinematic Film Theory
  - Traveling to other cities to learn and experience other cultures
  - Engaging with the Seattle art community (film, theater, design)
  - Empowering my peers and changing the world
